Boosters Corner

Message from our Board President

Hello again.

Chris here, I just wanted to thank all of you Booster parents. Without the support and drive of you Band Booster parents, competing in events like Parades or Field Show Competitions would be impossible. I have seen and tried to meet a lot of you out there at practices and events; there are still a lot of you I haven't had the opportunity to get to know. Let's fix that. I'm probably going to be at all of the meetings, and most of, if not all of the competitions. So come out to our next event, the Field Show looks and sounds amazing! Also try to make it to our monthly Band Booster meetings.

Today was our first parade of the year and what a great first competition! What a great bunch of kids! Not to mention our Band Boosters. This is an outstanding group of people we have making it all happen, we could still use all of the help you can give. Contact your committee leaders to see what you can do. Plus, we have a pretty good time out there.

I understand how busy everybody is, sometimes missing a little OT on a Saturday, or attending a Football Game after a long day seems like a big deal. Missing out on the memories would be a bigger deal.

I'll be seeing you,

Chris

Message from our Band Director

Wow, Three weeks of school are already finished. We are halfway to the first grading period. How are you doing? What grade would you give yourself in band? Are you doing your best in all of your classes? Are you learning and using this knowledge to become a better educated, more well rounded person?

Let's look at what we have worked on recently in marching band. This past Saturday we marched in our first parade. As a group we did very well. On Sunday we received a clinic from a few SCJA judges. Did you learn anything from the clinic? Did you hear the message that we have a lot of work to do and at the same time we have a lot of potential? Let me answer a few of the questions that you maybe thinking about. Yes, the freshman will march in-step. Yes, we will play in-tune. Yes, you will get enough sleep. But, none of it will happen today.

The point is, what you do is important, but how you do it is even more important. Continue to push for excellence and do so in a manner that teaches you not only the content, but character as well.

I appreciate you. I applaud you. I am here to help you. When we all work hard together we accomplish great things.

Musically yours,

Mr. B
